

In The Name of God

Program

1st IFRC International Clinical Mycology Conference: Aspergillus and Aspergillosis

November 8-10, 2016

Sari, Iran

Day 1: Tuesday - November 8th 2016

Time	Program	By
8:00-8:30	Arrival and registration	
8:30-9:30	Opening Ceremony	
8:30-8:35	Quran Recitation	
8:35-8:40	Anthem of Islamic Republic of Iran	
8:40-9:00	Welcome speech	University Chancellor
9:00-9:15	Opening speech (Congress Chairman)	Dr. Enayati A
9:15-9:30	Congress overview (Scientific Secretary)	Dr. Hedayati MT
9:30-9:45	International collaborations: where we stand in IFRC	Dr. Seyedmousavi S
9:45-10:15	The impact of aspergillosis across the world	Prof. Verweij P
10:15-11:00	Coffee and tea break, Poster walk	
11:00-13:00	Oral Presentations Theme: <i>Aspergillus</i> and aspergillosis: Where we are? Session chairs: Prof. Verweij, Dr. Amanati A, Prof. Hedayati Language of presentation: English	
11:00-11:25	Invasive aspergillosis, experiences from Iran	Dr. Mardani M
11:25-11:50	Aspergillosis in SOT	Dr. Tabarsi P.
11:50-12:15	Epidemiology of <i>Aspergillus</i> keratitis	Dr. Ilkit M
12:15-12:40	Probable Invasive Aspergillosis and Gastrointestinal Mucormycosis. A case report.	Prof. Hilmioglu Polat S
12:40-13:00	Panel Discussion	
13:00-14:30	Lunch/ Pray/ Poster walk	
14:30-15:30	Oral Presentations Theme: Aspergillosis: Clinical Aspects Board of Directors: Prof. ChadeGANIPour, Dr. Pakshir, Dr. Abtahian N, Prof. Mardani Language of presentation: English-Persian	
14:30-14:45	Aspergillosis in HSCT	Dr. Janbabaie Gh
14:45-15:00	Aspergillosis in diabetic patients	Prof. Babamahmoudi F
15:00-15:15	Aspergillosis in ICU	Dr. Aliyali M
15:15-15:30	How can the diagnostic mycology laboratory improve the outcome of Aspergillosis?	Prof. Shokohi T
15:30-16:00	Coffee and tea break, Poster walk	
16:00-17:15	Oral Presentations Theme: Aspergillosis: Diagnosis and Immunity Board of Directors: Prof. Fata, Prof. Shokohi T, Dr. Rezaei, Dr. Yadegari Language of presentation: English-Persian	
16:00-16:15	Chitin-induced airway epithelial cell innate immune responses are inhibited by carvacrol/thymol	Prof. Khosravi A
16:15-16:30	Cell Membrane Proteome of Fluconazole Resistance Gene in <i>A. fumigatus</i>	Dr. Kazemi A
16:30-16:45	Molecular approach in Aspergillosis diagnosis	Prof. Mirhendi H
16:45-17:00	<i>Aspergillus</i> spp. germ tubes induce stronger cytokine responses in human bronchial epithelial cells in comparison with spores.	Dr. Zomorodian K
17:00-17:15	Investigating the presence of <i>Aspergillus fumigatus</i> and <i>Aspergillus flavus</i> in clinical samples using galactomannan enzyme immunoassay and TaqMan real-time PCR method	Salimi khorashad A
17:15- 17:30	Panel Discussion	

Day 2: Wednesday- November 9th 2016

Time	Program	By
8:30-10:00	Oral Presentations Theme: Diagnostic aspergillosis Board of Directors: Dr. Melchers, Dr. Seyedmousavi, Prof. Hilmioglu Polat Language of presentation: English	
8:30-8:50	Aspergillosis in pediatric patients	Prof. Roilides E
8:50-9:10	Biomarker analysis for invasive aspergillosis	Prof. Hedayati M.T.
9:10-9:30	Voriconazole Therapeutic Drug Monitoring	Dr. Badiee P
9:30-9:45	The effect of involved <i>Aspergillus</i> species on galactomannan in bronchoalveolar lavage of patients with Invasive aspergillosis	Taghizade Armaki M.
9:45-10:15	Panel Discussion	
10:15-10:45	Coffee and tea break, Poster walk	
10:45-13:00	Oral Presentations Theme: Challenges in aspergillosis treatment Board of Directors: Prof. Roilides, Prof. Ilkit, Prof. Khosravi Language of presentation: English	
10:45-11:10	The force awakens: multidrug resistance in <i>Aspergillus fumigatus</i>	Dr. Melchers W
11:10-11:35	Diagnosis and management strategies for invasive aspergillosis	Dr. Verweij P
11:35-12:00	Pharmacokinetics and pharmacodynamic (PK/PD) strategies for treatment of patients underlying azole-resistant aspergillosis: from the genotype to the bedside	Dr. Seyedmousavi S
12:00-12:25	Current status of antifungal susceptibility profiles and resistance rates of <i>Aspergillus terreus</i> species complex isolates in Iran	Dr. Badali H.
12:25-12:50	In Vitro Interaction of Micafungin and Voriconazole against azole- Resistant <i>Aspergillus fumigatus</i>	Fakhim H.
12:50-13:00	Panel Discussion	
13:00-14:30	Lunch/ Pray/ Poster walk	
14:30-17:00	Oral Presentations Theme: Selected Abstract Board of Directors: Dr. Ayatollahi Mousavi, Dr. Aghili R, Dr. Nasrollahi Omran, Dr Roudbarmohammadi SH Language of presentation: English-Persian	
14:30-14:45	Nosocomial aspergillosis , Drug resistance and hospital sources at the Medical – Educational centers, Urmia, Iran	Dr. Diba K.
14:45-15:00	Molecular identification of fungal infection in Acute Invasive Fungal Rhinosinusitis in patients refer to ENT department in Ghaem and Emam Reza hospitals, Mashhad, Iran	Dr. Najafzadeh
15:00-15:15	Airborne <i>Aspergillus</i> species: geographic distribution and phylogenetic profile	Dr. Shams Ghahfarokhi M.
15:15-15:30	Quantitative analysis of single-nucleotide polymorphism for rapid detection of TR34/L98H- and TR46/Y121F/T289A-positive <i>Aspergillus fumigatus</i> isolates obtained from patients in Iran	Dr. Mohammadi F
15.30-15:45	Isolation, characterization and functional analysis of <i>Aspergillus nidulans</i> cotA gene using some bioinformatics tools.	Safaie M
15:45-17:00	Closing Ceremony	

Day 3: Thursday- November 10th 2016

Workshop
